

SCCYSA REFEREE NO SHOW POLICY

If a referee does not show up for his/her scheduled game(s), and has not notified the assignor by phone, the following procedure will be followed.

A referee that misses assigned game(s) without notice will receive a warning notice and a record will be started. If a second occurrence of 'NO SHOW' occurs within a one month time period, that referee will not be allowed to schedule any games for the week following that second occurrence. The referee will be notified by phone by the referee assignor. A postcard will be sent to their home by the SCCYSA office.

There will be only three call in's allowed per season. At that time, per the discretion of the SCCYSA board, the referee will not be scheduled for any league games for the remainder of the season.

If a referee is a consistent offender, they may be terminated from the SCCYSA referee pool.
